

To whom it may concern

Sept. 26,2007

It is my understanding that Richard Lord has to turn himself over to your authority on Sept.28,2007, it is for this reason I write this letter.

He has committed a crime for which I know he is remorseful about. We have discussed this at length on several occasions and he has expressed these feelings to me.

He has a stable and supportive family and home environment that will miss him greatly during his absence.

I am asking that these things be taken into consideration when dealing with this matter

Thanking you in advance

  
Linda Lord
